Learn more about this change If you submit your consent documents to the IRB as a Word document, the watermark field is still required. If you are not sure if your activity is human research, or you would like it for the IRB office to make that determination for you, complete the Human Research Determination Form (HRP-503). (HRP-503).

Obtaining consent is due to a service or agreement that needs approval by the subject which then gives permission for the research to be carried out. Consent is not required in all situations. For example, a person going to the doctor to have their blood pressure measured is a form of treatment but not in the sense that it needs special ... An institution has the option of relying upon IRB review from another institution by designating that IRB on its FWA and submitting the revised FWA to OHRP, and having an IRB Authorization Agreement with the other institution.
