

2. Archivos admitidos en Scrapbook

Los siguientes tipos de archivos se pueden insertar arrastrando y soltando en una página de Scrapbook desde cualquier ubicación del archivo en el ordenador:

- Archivos de imagen
- Archivos de Word
- Archivos de PowerPoint
- Archivos de Excel
- Archivos de Flash

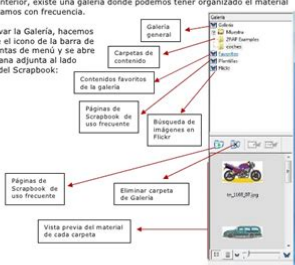

NOTA: Los archivos PDF no se incorporan a Scrapbook de la misma forma que los demás archivos, sino abriendo el archivo con el Adobe Reader y eligiendo la opción de Imprimir a través de la impresora eBeam Scrapbook Image Writer. El sistema enviará directamente el documento al Scrapbook como fondos de página.

Este método se puede aplicar con cualquier aplicación que tenga opción de imprimir.

3. Galería

Aunque se pueden importar archivos desde cualquier lugar del ordenador arrastrando y soltando o a través de la función de impresión, como se ha visto en la sección anterior, existe una galería donde podemos tener organizado el material que utilizamos con frecuencia.

Para activar la Galería, hacemos clic sobre el icono de la barra de herramientas de menú y se abre una ventana adjunta al lado derecho del Scrapbook:

RA120 Users Manual CONVENTIONS USED IN THIS MANUAL Safety Precautions To ensure that instruments are operated correctly and safely, Mitutoyo manuals use various safety symbols Signal Words and Safety Alert Symbols to identify and warn against hazards and potential accidents. The following signs indicate general warnings DANGER Indicates an imminently hazardous situation which, if not avoided, will result in serious injury or death. WARNING Indicates a potentially hazardous situation which, if not avoided, could result in serious injury or death. CAUTION Indicates a potentially hazardous situation which, if not avoided, may result in minor or moderate injury or property damage. The following signs indicate specific warnings or prohibited actions, or indicate a mandatory action Alerts the user to a specific hazardous situation. The given example means Caution, risk of electric shock. Prohibits a specific action. The given example means Do not disassemble. Specifies a required action. The given example means Ground. No. 99MBB203A i CONVENTIONS USED IN THIS MANUAL Types of Notes The following types of notes are used in this manual to help the operator obtain reliable measurement data through correct instrument operation. IMPORTANT An important note provides information essential to the completion of a task. You cannot disregard this note to complete the task. NOTE A note emphasizes or supplements important points of the main text.

<http://www.drupalitalia.org/node/68444>

It also supplies information about specific situations e.g., memory limitations, equipment configurations, or details that apply to specific versions of a program. TIP A tip is a type of note that helps the user apply the techniques and procedures described in the text to his or her specific needs.

It also provides reference information associated with the topic being discussed. Mitutoyo assumes no liability to any party for any loss or damage, direct or indirect, caused by use of this instrument not conforming to this manual. However, except as expressly specified in the Mitutoyo Software License Agreement, in no event shall Mitutoyo be liable to any party for any loss of damage caused by use of this instrument conforming or not conforming to this manual. Information in this document is subject to change without notice. 2007 Mitutoyo Corporation. **WARNING** Do not modify the machine, as this may cause fire or electric shock Do not rework, bend by force, twist and yank the power cord, as this may cause fire or electric shock. Do not remove the front panel, the rear panel, the side panel and the covers of the machine, as this may cause electric shock. Use under the specified power supply voltage. Do not use under the unspecified power supply voltage, as this may cause fire or electric shock. Do not install the machine on an unstable table, as this may cause injury due to dropping or falling. Do not place a case with water and a vase, etc., around the machine. When the water get inside the machine, it may cause fire or electric shock. In case the water, etc., get inside the machine, first unplug the power cord from the outlet then contact your dealer or the nearest Mitutoyo sales office. **CAUTION** When performing the maintenance, be sure to unplug the power cord for safety. If the maintenance is performed while connecting the power cord, it may cause electric shock. Do not pull the power cord when unplugging it, as this may damage the cord and cause fire or electric shock.

<http://www.efodis.com/images/canon-ls-80ts-user-manual.pdf>

Do not insert or pull out the plug with wet hands, as this may cause fire or electric shock. Do not bring the power cord close to the heated equipment, as this may melt the sheathing of the cord and cause fire or electric shock. The cable of the detector unit should be arranged so that it will not be caught by the workpiece fixture or operation knobs when the turntable rotates. No. 99MBB203A iii **CAUTION** For the battery used equipment only Use only specified battery. If the unspecified battery is used, it may cause fire or injury due to the explosion or leaking, etc., of the battery. When installing the battery in the equipment, set the battery poles correctly by following the instruction of the equipment. If the battery is installed incorrectly, it may cause fire or injury due to explosion or leaking, etc., of the battery. Place the unit where the power plug of the machine can be recognized and reached easily when unplugging. Do not exert external forces to the machine, as this may cause failure, damage or deterioration in accuracy. Do not hold unspecified position when carrying, as this may cause failure, damage or deterioration in accuracy. Be sure to use the specified accessories in the users manual for the machine. If the unspecified accessories are used, it may cause fire, electric shock or failure. **Warranty** In the event that the Mitutoyo product, except software product, should prove defective in workmanship or material, within one year from the date of original purchase for use, it will be repaired or replaced, at out option, free of charge upon its prepaid return to us. If the product fails or is damaged for any of the following reasons, it will be subject to a repair charge, even if it is still under warranty. 1 Failure or damage owing to inappropriate handling or unauthorized modification. 2 Failure or damage owing to transport, dropping, or relocation of the instrument after purchase. 3 Failure or damage due to improper maintenance or storage.

<https://eastwestmacrobotics.com/images/canon-lv-7350-manual.pdf>

4 Failure or damage due to abnormal voltage or use of undesignated power supply voltage, frequency. 5 Accident or damage due to fire, earthquake, flood, thunderbolt or other natural catastrophe, pollution, smoke or gas SO_x, etc.. 6 If the warranty card certificate is not shown. 7 Failure or damage which Mitutoyo Corporation can not take responsibility. This warranty is effective only where the instrument is properly installed and operated in conformance with the instructions in this manual. No. 99MBB203A iv **Export Control Compliance** This Product falls into the CatchAllControlled Goods or Program under the Category 16 of the Separate Table 1 of the Export Trade Control Order or the Category 16 of the Separate Table of the Foreign Exchange Control

Order, based on the Foreign Exchange and Foreign Trade Law of Japan. Further, this Users Manual also falls into the CatchAllControlled Technology for use of the CatchAllControlled Goods or Program, under the Category 16 of the Separate Table of the Foreign Exchange Control Order. If you intend reexporting or reproviding the product or technology to any party other than yourself, please consult with Mitutoyo prior to such reexporting or reproviding. To reduce the environmental impact of WEEE Waste Electrical and Electronic Equipment and minimize the volume of WEEE entering landfills, please reuse and recycle. For further information, please contact your local dealer or distributors. No. 99MBB203A v Contents CONVENTIONS USED IN THIS MANUAL.
