Our Gas Saferegistered engineers will disconnect your old appliance for you before getting your new one completely set up and ready to use. We'll unpack it and give it a full health check first, to make sure everything is in tiptop shape, and we'll give you an official gas safety certificate too. Before you order our connection service, there are a few things you should know and a couple of things to check. Take a look at our helpful gas cooking installation page for more information.

All integrated installations and deliveries except cooking appliances have now been suspended until 24th August. All other appliances will be delivered to your doorstep. You'll just need to make sure it's by the entrance to your property ready for us to collect, as we won't be able to remove it from any other room in your home. Our experts will recycle it safely and responsibly in our stateofheart facility. Under the WEEE regulations, recycling costs are borne by the product manufacturer. Just pass them to your driver when we're picking up your larger appliance. As it's conventional, it's perfect if you love traditional cooking, and you can easily put the finishing touches to your creations

with the useful grill setting. It's the ideal choice for feeding a medium-sized household too, because it has a 54 litre capacity. It has a mechanical minute minder as well, which you can set to tell you when your food's ready. And, thanks to the greaseproof enamel coating on the interior, it's easy to keep it spotless. This appliance is designed to fit at eye level or under a worktop. As it's conventional, it's perfect if you love traditional cooking, and you can easily put the finishing touches to your creations with the useful grill setting. It's the ideal choice for feeding a medium-sized household too, because it has a 54 litre capacity. It has a mechanical minute minder as well, which you can set to tell you when your food's ready. And, thanks to the greaseproof enamel coating on the interior, it's easy to keep it spotless. This appliance is designed to fit at eye level or under a worktop. Check out our Help and Advice section. Check out our handy measurement guide video. We'll show you everything you need to know about measuring up in just a few simple steps, so your new appliance will fit like a glove. With plenty of shelf space, you can fit in a couple of trays at once, so it's perfect for baking a few batches of cupcakes.

And, because you can fit in both your main course and side dishes at once, you can have all your food piping hot and ready at the same time. Excellent service. It will be some time before we can get the oven fitted by my local gas registered friend. Oven works well, possibly better than the one it replaced, being a dearer one too. Have no downside to comment. Good value gas oven. The fan really helps with the cooking. Delivery was on time, product in good condition and very happy with the purchase. Because we match the prices of competitors, there is the potential for prices to drop further. We will always offer our customers our price match promise. See terms and conditions. NewDay Ltd and AO Retail Limited are each authorised and regulated by the Financial Conduct Authority. Credit is available only to UK residents aged 18 and over. Subject to status. Terms apply. Now you'll get all our best deals sent straight to your inbox. Because it's multifunctional, you'll have a range of exciting cooking options to explore, so you can master every mealtime. It even has a dedicated pizza function, so whether you prefer a Margherita or meat feast, you can enjoy your favourite slice from your own kitchen. Plus, it's a breeze to keep clean, thanks to its greaseproof enamel interior that'll be left spotless with just a quick wipe. This appliance is designed to fit at eye level or under a worktop. Our experts will recycle it safely and responsibly in our state-of-the-art facility. Under the WEEE regulations, recycling costs are borne by the product manufacturer. Just pass them to your driver when we're picking up your larger appliance. Check out our Help and Advice section. It's beautiful in the kitchen and really brings it all together. Cooks like a dream and really easy to use. We love it. It has been running for a week now with no problems, so I would definitely recommend it if you are looking for a better than basic unit. The only minor downside with it is the visibility of the knobs setting indicator, I put some white paint in the groove of each knob so it's easier to see what

temp, or what program, or timer setting is selected. Would probably prove awkward for poorly sighted people. I installed it myself as it only requires a mains plug to be wired so no need for any fancy installation. Plug it in and you're away. Very very quiet. Much easier to clean than my last Candy oven which was 13 years old. Also seems wider internally, fits wider baking trays which is good.

Looks very stylish once installed. The interior light is also easier to change than my old Candy as they have placed it in a better internal location. This oven is super quiet. The only thing I miss about my old oven was that when the cooking timer finished it would shut the oven off. This one doesn't do that so need to learn to keep more of an eye on it. It has a manual timer tho. Very pleased and a bargain price. Cakes, roasts and pastry have all turned out lovely and the pizza function is great. Fab. Had to buy a separate digital timer to make up for it. Builtin timer only goes to 60 minutes. Overall might be a bit slower to heat up. We didn't want to spend too much as we are hoping for a new kitchen within 12 months. This oven is great. It heats up quickly and cooks evenly. The pizza function has proved a hit with the kids. The only downside is the fact the timer just buzzes to let you know the time is up it doesn't turn off the heat and stop cooking. Overall a really good oven for the price. Because we match the prices of competitors, there is the potential for prices to drop further. We will always offer our customers our price match promise. See terms and conditions. Most screens are 1080p Full HD but 1440p and 4K screens will give you sharper images. NewDay Ltd and AO Retail Limited are each authorised and regulated by the Financial Conduct Authority. [Click here for instructions on how to enable JavaScript in your browser.](#) If you continue to use this site we will assume that you are happy with it. Ok. When it comes to baking we were impressed by the fairy cakes which were well risen and golden. When cooking a roast dinner, the chicken was succulent and crisp and the crumble evenly browned.

However the roast potatoes were quite pale and a little soggy. The grill took five minutes to toast both the sides of bread. It did browned effectively across the middle, but left the front and back sections very pale. We saw varying results good fairy cakes and roast dinners, but a slow and uneven grill. The thermostat let this model down as it was cooler than the temperature set, and the doors heated up to very high temperatures reaching almost 84C after being on for just an hour. Unfortunately, the thermostat was quite inaccurate when set to 200C it was around 5C cooler but when set to 130C, the oven was nearly 20C cooler.
