It quite honestly is the best online site I've ever seen. HegartyMaths has made a huge difference. In just a few months our year 11s have logged many hundreds of hours on the site and answered over 50, 000 questions. We have used it successfully for flip learning, lessons in computer rooms and for homework. The best part is the feedback facility. Students write a response when they get a question wrong and teachers can respond individually to correct them. Tasks can be set for whole classes, groups or individuals, perfect for targeting revision and personalised learning. A fantastic resource for all schools and all year groups. Some people dream of climbing Everest or swimming the channel - I just wanted to reassure myself that maths was not a mystery and, with your help, it no longer is! "Why couldn't HegartyMaths have existed 50 years ago when I was in school!" The new HegartyMaths is the best system I've seen in over 20 years of teaching. As a Head of Department I can monitor the setting and completion of homework across the Department and monitor the progress of every student. Watch this video or read on below to find out about MemRi points; For YouTube click here You will see your all-time MemRi points total on your MemRi dashboard As you work through MemRi you will face the questions four separate times and the questions will level up in difficulty. There are four levels of question. Level 1: You get two goes to answer this question. If you get it wrong on your first attempt, you will get a chance to review the video. This level of question is worth 3 points Level 2: You only get one attempt, and no help. This question is worth 7 points Level 3: The question format has changed to multiple choice. You only get one chance to pick the right answer. If you get it right now, it is worth 10 points Level 4: Although it looks just like a level 2 question, you will be shown a brand new question with the same difficulty and using the same skills. If you get this one right, you will earn 40 points! But you will only get one of these questions per quiz. Your quiz points are added to your total at the end of the quiz. Points are calculated for the week you earned them, so if you start a MemRi quiz in week 1 and finish it in week 2 the points would be split over the two weeks. You can score a maximum of 100 points per quiz. You will also see your weekly rank in your class on your MemRi dashboard You can earn more points by completing more MemRi quizzes. Bear in mind however that you can only earn one MemRi stamp per day and the best way to "hard-code" your maths skills is to do a little and often. With HegartyMaths you can... 1.
