The secret can be indicated as a motivational book, based on the law of attraction. The basic idea of the principle is that we attract what we think. Things like success and wealth, they are fine with the understanding of anyone, once we change the thoughts we have put in the universe. Your mind will play the role of a magnet and will attract whatever your thoughts are actually. If your thoughts revolve around the success and to riches or concerns and all To misfortune, depending on your mind with your reality you will become your reality. This because every thought you have is like a signal. When this signal is output from your mind, releases and collects similar signals or frequencies and returns them to you. This is just to further highlight the reason why this is called the law of attraction and applies because positive thinking is so important. Tirne also highlights in her books as everything is modeled by the mind from your health At body weight. She also talks about how to use the law of attraction to your advantage from the principle of imagining your desire and pretending that it is already yours.
