Correct Answer: Correct Answer: Attempt to entertain rather than educate. Based on the true story of Californian gymnast Ariana Berlin. While focusing on her Olympic goals, the life of fourteen-year-old Ariana Berlin took a sharp turn when she was involved in a debilitating car accident. Conquering her security and movement through learning hip hop dance, she was unexpectedly called back to the gymnastics world by the famous UCLA coach Valerie Kondos Field. The help of Val, Ariana managed to make sure a place in the UCLA gymnastics team and to win a NCAA championship, a goal that had always dreamed of. This is ... wonderfully inspiring history of persistence, trust, and heart and courage to make a little impossible return in life.
—Producernever give up believing in yourself female gymnasticsinfortune of shoemania2 moreGenresBiographyDramaFamilySportSecurity Parents Guide With what name was Full Out (2015) officially published in India in English? ReplyYou don't have pages recently displayed Photo Courtesy: collection of silver screens/Getty Images It's always exciting when a new sequel is released. You get to see your favorite characters once again in a new — or not so new — storyline. Sometimes, however, sequels seem to go on forever. After a while, you're not sure where it all started! Continue reading for movies with the most sequels ever. Some have five, about fifteen, and some more than twenty. Can you guess which films will be? One of the most successful films in the horror genre is Halloween, currently at 11 total movies. When it was first published in 1978, the spectators were intrigued and intrigued by the suspense story of the serial killer Michael Myers, one who apparently never ends. Complimentary photo: Sunset Boulevard/Getty Images The first film influenced many slasher movies to come and continues to be a fan favorite. Two more films are ready to release in the coming years: Halloween Kills and Halloween Ends. But is it really the end of Halloween sequels? Only time will tell. Each Batman series film cannot technically qualify as a sequel, but the simplest number of them is impressive in itself; there are 14 Batman films dating back to 1943. In fact, Batman's first films were a form of propaganda of World War II. Complimentary photo: AntMan3001/Flickr Some great names in Hollywood have played this stoic hero over the years, including Christian Bale, George Clooney and Ben Affleck. They also inspired films about Batman's nemesis, the Joker, most recently portrayed by Joaquin Phoenix. While Star Trek was a series before, it was also made in more feature films. 13 of them, to be precise. The films have definitely been successful, but are not as well known as the classic series with William Shatner as Captain Kirk. Complimentary photo: Marc Berry Reid/Flickr It seems no matter how advanced the costumes and special effects, the audience still sticks to the actors behind the characters. Even so, Star Trek won a name for himself as a series (and movies) with some of the most sequels of all time. Halloween is not the only horror joke with a daunting number of sequel — A Nightmare on Elm Street boasts nine terrifying reviews worth a marathon of scary movies. The plot also has similarities with the first: a serial killer hunts the children, only he died. Photo Courtesy: K.A./Flickr Despite beingAt the stake, Freddy Krueger didn't stop bothering sleeping children. The last movie was in 2018, but who knows? We could have any number of sequels, in the future. If it's like Halloween, it'll last for many years. The Hombre Lobo series follows Count Waldemar Daninsky, a werewolf, who often gets into trouble with other frightening monsters like vampires and even Frankenstein. These films have been distributed with different names across Europe and have generated fair profits. Photo Courtesy: alfredituzz.B/Flickr The interesting aspect of the sequels of Hombre Lobo is that it is not about sequel in the purest sense - every film, while having the same character, has a different plot and background. Initially this confused many fans, but allowed greater creative freedom during the writing process. A total of 11 films were distributed. The Early Land of Time inspires childhood memories for many Gen Xers and Millennials, but is probably familiar to younger generations. The last sequel was released in 2016, number 14 of the series. Photo Courtesy: kafka4prez/Flickr The original film was released in 1988 and followed a group of young dinosaurs on a felt adventure. He taught important lessons on prejudice, friendship and loss while imagining life for prehistoric creatures. With such a unique plot, there is no wonder it's lasted so long. Like many successful film series, the Planet of the Monkeys inspired a faithful cult in its period of maximum splendor. The original series consisted of five films released between 1968 and 1973. He played Charlton Heston in his discovery of a strange future where monkeys rule the world instead of humans. Photo Courtesy: CBS Television/Wikipedia Recently, the series saw the reboot of three new films complete with advanced CGI and ties with the original series that the hardest would certainly not have lost. There have also been books, comics, video games and a television series inspired by films. Sometimes, you just want to see cool cars and intense action scenes, and this is exactly what you get if you buy a ticket for The Fast Saga movie. Since 2001, nine films have been filmed in this series, and they are not even close to realisation. Photo Courtesy: micadew/Flickr There are at least three other films, including one entirely focused on women. This could be a positive change for male-dominant films, paving the way for more inclusive films in the future. If you're not on the Star Wars wagon yet, then you're in a minority. Since the first film was released in 1977, fans have gone mad about space fantasies. Since then, he has accumulated ten more films, without ever failing to make a lot of money at the cinema. Photo Courtesy: KAMIKAZOW/Wikimedia Commons Ask any Star Wars fan and you will find yourself a favorite character: Princess Leia, good heart Luke Skywalker, wise Yoda or one of the many other central characters! Fans have shown that they will never get tired of the Force. Every timeon 31 October rolls around, you will probably see peopleThe villain of these famous horror movies. It is often released exactly Friday 13, which makes it see in even more exciting theaters. There were no less than 12 on Friday the 13th minute film. Photo of courtesy: Arden / Flickr The story is not pleasant, as you can probably guess. It all starts with the supposed drowning a child to the camp, which comes back with a vegevative spirit. It's the perfect movie for a scare with friends, and never gets old! The Harry Potter series has only rock in the literary world; He also made a splash in the cinematographic one. Given the next fierce that already existed for Harry Potter at the release of the first film, no one was surprised by his immediate success. Photo of courtesy: Iona Higgins / Wikipedia fan saw film movies Three protagonists grow in front of their eyes - and fans grew beside them, in many cases. The final book was made in two films, finishing with eight total films for spectators to enjoy. This also does not count the prequel. The rocky series was a clip for older generations, with many films released in the 70s and 80s, but the films managed to make her way in the 21st century. So they were so popular that even younger spectators can learn about the iconic rocky theme song. Photo courtesy: Michael Ochs Archives / Getty Images There is a total of eight series films, cock-filled of inspirational training fittings and outline struggle scenes. If you are trying to pump or start a new gym routine, you can't go wrong with these films. What son doesn't like to think that there is something special for them, something that makes them different from everyone else? This is essentially the premise of the X-Men: some people have powers, and are wiped out in a world of heroism and criminalities - community. Photo of courtesy: Bagogames / Flickr This idea has been ranging so much with the fans who lasted for 12 installments since 2000. The best part is that the X-Men crew consists of many different characters, which means That some films focus on different heroes. There is variety, suspense and intrigue, then prepared à

This series could go ahead for decades. Superman is one of those series that the American society is defined. After all, it was a radio show, television, comics and practically everything else you can imagine. The man himself is one of those timeless characters that continues to return to more. Photo by courtesy: antman3001 / Flickr then what is the Superman movie number? Seven in total. It might seem like a small number, but don't worry, it will be more. No one is ready to let go to that Blue Leopard and Red Cape yet. The American Pie should not have generated many Sequel, but it was such a success in theaters that have created three others, along with three more spin-offs. It's not exactly one for families - the plot centers on a group of friends who try to lose their virgins "but its raw comedy successWith the public at national level. Photo of courtesy: universal images / getty images if the title seems familiar to you, it is probably because it brought it from a popular song by Don McLean. Report also a specific scene in the film, but you will have to watch it to find out which. It is a marvel that they have managed to do so many sequel to a movie so difficult to watch. If you've ever sitting through a saw movie, you know that around every corner is a GREASOME and traumatic scene waiting to happen. In fact, this is exactly what the spectators pay to see. Nails crossing people's fingers? Great à

If it's what you are. Photo of courtesy: Mubarak Althani / Flickr This Horror twisted franchise produced nine films starting from 2020 of the organ donor. The public can only imagine what terrible events Breathable in that. Now here is a film for children. It has only five films in the series, one of the smallest numbers on this list, but this does not mean that it cannot reach others in the coming years; The last episode arrived in the 2010, so a new Karate Kid film could be due soon. Photo of courtesy: Columbia Pictures / Getty Images The 1984 original film has also inspired a television show and launched the acting career of Ralph Maccio. He also had an important lesson from Teaching: What to master the mind is more important than the body. Yes, Tom and Jerry started as a television series, but also inspired 12 films starting from 1993 and ended in 2015. At least, until they make it a nu OVO - There are voices of a live action version that comes into the future. It seems that there is no end to the hijinks this couple can enter! Photo of courtesy: Momokacma / Flickr These films owe their success for the various public they attract; Adults and children are in the same way they find themselves laughing to these characters. After all, what can be more fun than a cat and mouse game? The films of the police academy are on the oldest end - they didn't make new sequels since 1994. In their time, however, they were a success. These comedies were a group of Wannabe policemen trying to make it at work. They entered all kinds of problems, often thrown around in the process. Photo of courtesy: Photo Archive / Getty Images There are a total of seven police academic films along with a couple of attempts of a TV series. Unfortunately, this franchise has not yet made a return, even if the films like Super Troopers have many similarities. A total of six films complete the Alien series (excluding films Alien vs Predator), with alien: Pact released in 2017. Although the multiple voices of the series, however, there is a scene that is probably the most memorable: when An alien explodes from John Hurt's chest. That moment was among the most iconic in the history of cinema. Photo for gentle bagogames / flickr even if sigourney weaver is no longer the protagonist of these movies aroused, which can refuse a good extraterrestrial plot? numbers show that this classic concept is stillfor viewers, although it has been forty years since the first à
and could last more than forty. King Kong's films are as impressive as the gorilla giant himself, with twelve successful films that have never stopped entertaining. It is is one of the longest stories, too, with Kong's first movie debuting in 1933. The monster itself is complicated à
à
times he is depicted as brainless and destructive, while at other times he is a misunderstood antihero. Photo courtesy: Keng Susumpow/Flickr Re Kong goes head-to-head with another giant monster, Godzilla, in a new entry in 2020. They turned on them in 1962, and now they're back. Like many great movies, Hellraiser is based on a book. Clive Baker's Heart of Hellbound was written in 1986 and laid the foundation for this popular horror movie. The author relinquished his rights after the first film, not knowing that they would continue to make nine more with the same name. Photo courtesy: solomas malkas/Flickr The films revolve around beings called Cenobites searching for humans for torturous experiments. It's a sad, terrifying franchise that attracts the same people who love Saw, Halloween and Nightmare On Elm Street. For its cinematic influence alone, it's worth watching. For those who love a more relaxing movie experience, The Pink Panther won't let you down. Whether you're going for the oldest movies of the 1960s or the newest reboot of the 2000s, you'll find comedy and suspense rolled together in a delightful movie. Photo courtesy: mwibbels/Flickr The great thing about these 12 movies is that they upend people's expectations of a detective à
instead of a cunning, quick-sponsored mind, we find a clumsy clumsy, clumsy goofball clumsy and prone. When they restarted the series, Steve Martin's hilarious performance made them instant shots. It's not the male-actor-dressed-like-female-character gag that makes Tyler Perry Madea's movies a huge hit as much as Madea herself. She's a super-the-top, hard-loving grandmother with a back-talking attitude, and resonates with many spectators. Photo courtesy: NBC/Getty Images His fun commentary and heart lessons have made 11 successful movies over the years. People love to hear Madea say it's like that, even to the point where they will visit her in a game. That's right, 11 Madea works were also produced, many of them based on the movies. When you think about it, what could be better than a talking bear? Apparently, nothing. Yogi Bear was the first animated television character to unexpectedly burst into popularity in the late 1950s. In fact, Yogi was originally a supporting character for Huckleberry Hound. Photo Courtesy: Mark Anderson/Flickr Today, however, Yogi has proven to be America's favorite by a long shot. There are 11 Yogi Bear movies and count, along with several TV programs, including 2020! His real-life cousins aren't that inviting. Another famous superhero, Spiderman, has eight movies to his name. Him Him Him Originally a cartoon character but it was done on the big screen for Rave. People of all ages love New York spinning tutor. Photo courtesy: Cristian Bortes / Wikimedia Commons then why is it so popular? It could be because unlike other superheroes wearing the coat for revenge or because it was an omnipotent being, Spiderman is just an ordinary child who tried to arrive, and even after becoming a superhero, he still has everyday problems - It's not being surprised that the crowds keep coming back more. Not only can you find the muppets in a total of eight films, but you can also see them even in 27 TV specials. This is a lot of air time. But it's not all! Take a look at their 11 TV programs, two TV movies and three video movies. With that quantity of content, you could spend months watch only the muppets. There is something about these lively puppets and their stupid comedy that people just love to watch. Kermit the frog even had appearances in the show tonight, Larry King Live and American Idol. If there is a series of films that could go ahead forever, it's Sherlock Holmes. The original films of 1939 had no less than 14 installments, and does not include any film done after 1946. The character of Sherlock himself dates back to the end of the 1800s with the original novels of Sir Arthur Conan Doyle, and the most recent film of Sherlock à
It was released in 2018 (Holmes and Watson). Photo Cortesy: Hulton Archive / Getty Images with a life span of over 100 years, the number of films, TV programs and shorts modeled after this character is actually. Has the public ever pneumatic of this investigative genius? Or Sherlock lives forever? Bond. James Bond. Who could forget it? Bond has become an iconic cinematic character played by seven different actors in a duration of 57 years. He was made famous by Sean Connery in the early 1960s and was recently portrayed by Daniel Craig. Photo of courtesy: Johan Oomen / Flickr What some do not realize, however, is that the bond was originally a literary figure created by Ian Fleming. Initially an opaque man in his late 1930s, the character of Bond has turned into a customsous woman smoking survive through 26 films. Needless to say, these films have billions of dollars in profits. The first film Godzilla was previewed in 1954. This prehistoric monster is now reigned on cinema for more than 50 years, with a total of 35 film films, more than any other film franchise by most counts. Because the technology improves, Godzilla becomes only bigger, scaring and more realistic - and it seems that the public cannot get enough. Photo of courtesy: Fabian Reus / Flickr Godzilla: the monsters king came out in May 2019 with Godzilla vs Kong coming out Year in November. King of monsters or kings of sequels à
