However, you can just see how incredible it can be really if all the cuts and folds were performed perfectly. Yes, there are a couple of cuts that you will have to do, but they are very small and really helps set the figure of an owl. This origami owl is not difficult to do at all. Bending wings were a little strange, but very cool when you see them take shape. The owl is a lot of fun to bend and cool look. Try you really. Step 1: Start with a piece of origami square paper. If you only have 8.5x11 common paper, follow these instructions to make a square sheet. Step 2: Fold the paper in half when doubling the upper corner to the bottom corner. Step 3: Now fold the triangle in the middle, having the left corner and bending it to the right. Step 4: Open the upper tab and propagate then knead the left and right sides so you can flatten the flap to find in the lower corner. Step 5: Turn the paper so we can do the same thing to the other side. Step 6: To imitate what we did earlier, raise the left tab up and open it from the left and right sides. Climbing the sides down so that your corner can find the bottom corner of the figure. Step 7: Take the upper layers on both sides and fold it to meet the center line as you see in the image. Step 8: Now fold down.Go TRIANT TRANCE for the next page to continue to make the origami owl. Owl.
