At age 780 of Future Trunks to meet Future Gohan before his death. As a result, Gohan of the Future voluntarily goes to death when he realizes that he will die, although he understands that the presence of Future Trunks means that his death will not be in vain and that his student will defeat the androids. Future Trunks and Gohan. The final battle against the Time Breakers takes place in Earth in Age ??? of an unknown timeline that was conquered and ruled tyrannically by Towa and Mira. In the Saga of Unknown History, Towaâs Time eggs cause a natural time distortion that causes an alteration to the altered timeline of the trunks, as a result of the desire for future trunks to save their teacher. As a result, future trunks decide to challenge Supreme Kai of time and join your teacher in the fight against Androids. Fearing for the safety of the student of him, the future Gohan can take advantage of a little power from him, allowing him to overcome the androids with the future assistance of the trunks. This creates a new timeline was that the future Gohan survived and the future trunks choose to stay with him and his younger self to defend him from future threats, such as future cell, the future Babura . The destination of this altered timeline is not clear.
