Although you have registered a pre-order bonus code for early access, you will still have to redeem your complete Fantasy XIV final: ShadowBringers registration code or PSN product code to continue playing after the first access period. * Recording codes ShadowBringers can be redeemed on Mog Station and PSN starting from Monday 1 July 2019 at 8:05 (PDT) * Please note that if you have a character recorded in a shadowbringers area after anticipated access is finished Friday 5 July 2019 at 11:59 (PDT), you will not be able to access with that character until you redeem the complete shadowbringers code. Registration codes and PSN product codes What is a registration code is a 20-digit code that is used for the version of Windows, Mac or Steam of a product to your service account via Mog station. This code can be found printed on the insert that is inserted into the physical package, or sent into an email in case of digital downloads. Steam usersneed to browse FINAL FANTASY XIV Online in their Steam game library, and select "CD Key" from the reissued, so please store them carefully. What is a PSN product code is a 12-digit code used to record the PlayStation®4 version of a product via PlayStationTMNetwork (PSN). This code can be found printed on the insert that comes within the physical package. Promotional codes cannot be reissued, so please store them carefully. Those who have purchased the digital download version of the game will not have to manually redeem a product code as the full game right has been automatically linked to their Sony account when purchasing the game. How to record the Shadowbringers Expansion PackageRecording the Game Client Participants in Quick Access Players who participated in early access are able to continue playing expansion after official release. Users starting the launch of DayWindows / Mac / Steam users Users who have registered their Stormblood registration codes and are currently playing FINAL FANTASY XIV client can download it via the method that matches their platform. PlayStation®4Launing FINAL FANTASY XIV client can download it via the method that matches their platform. and install the required files.
