If ONE of the following message(s) is displayed, your system is a targeted model. Some PCs which are subject to "PMU Firmware Update" may need to execute "BIOS Update" prior to PMU update. If you click "Start" button, the download will be started. Execute BatteryCtrlUpdate.exe. If the software download failed, please try again after some time. Click link of "FUJITSU Battery Charging Control Update Tool" on the bottom of this page to download it. If the installed battery is not yet deteriorated yet, this message will not be displayed. In case you apply the Update by "BatteryCtrlUpdate.exe" below, need to repeat "BatteryCtrlUpdate.exe" until you see the screen "Update for Battery Charging Control" was applied". - Restrictions (1) The Software is not transferable. In case your system is a targeted model, please check the following before starting the update. This message will be displayed when the battery is deteriorated in the future. How to Use If the [FUJITSU Battery Charging Control Update Tool] screen appears while you are using your laptop PC, follow in Step 3 of this section. Download The contents of this instruction are subject to change without prior notice. Please close all running applications before starting the update. Please re-apply "FUJITSU Battery Charging Control Utility" after recovery/Windows reinstallation. System BIOS Update: Please follow the update program instructions as shown below. OR OR In case the update has already been applied to your system or your system is not a targeted model. In case you again see messages shown in step3, please repeat the procedure from step 3 to step 9 again. (4) In no event will Fujitsu be liable for any damage caused by the Software. System administrator privileges are required to execute this software. Please close the window by clicking eAAOKeAAA button. (2) You may not modify, decompile, or reverse-engineer the Software.
