As more players finally have the increase in the spacing of the Rough Disk for Totals for Download and more developers move away from the On-Disc games for broadband delivery (more insinuating that the discs will soon the path of the VHS tape), A traffic jam on the PlayStation network with exclusive games available in the store almost every week and little way to determine what is worth your time. No one has the transmission space for every game for download, and the sad fact is that a great majority is not an agreement in its low price (typically US \$ 4.99- \$ 14.99). So how do you know what to get and what to avoid? Let's guide the way. Pain. Company: Sony Computer Entertainment Date: 11/28/2007Price: \$ 9.99 to stop lemmings from jumping a cliff to skip barrels to reach a killer monkey, games has a long history of addictive games that could be called correctly. A, â € • While some of them. No, this intelligent title falls in the category so ridiculous - it's fun, since the player throws human lithes in the sky with a giant sling - beating, falling and jumping around a landscape arcade. Finding new ways to harm your character and destroying the horizon at the same time became one of the first rings of PS3, and Sony used the title (sometimes even packaged with PS3 systems) as an introduction His new Industry of millions of dollars in the expensive world that terrifies all the parental "add-ons in the form of new characters, new modes and new levels. If you are one of the people who spent \$ 0.99 just so that you You could play a lively Andy dick around a amusement park, you know how essential pain is for everything ps3. Enterprise: HOTHEAD GAMES, INC.RELEASE Date: 11/11/2009Price: \$ 14.99 No doubt The most advanced title in the history of download games, the braid made a ten-top lists and gained farms alongside high profile tubs on all platforms so that it was launched. This twister of ingenious time proves that the gain is only limiting as the development of the developer. The puzzle genre has never been great to tell stories, but Hothead games have proven that the structure could be used in a new way. The braid is the history of a character who can reverse the time and should do this to continue level to level. The concept of time-reversion to correct past errors â € - adds emotional depth and at home, where these things will generally ever be a consideration. The braid became legendary in some circles and, to be fair, was launched for the party do not prevent from being one of the best Games on PSN. Heck, the braid should be considered for any list of the best games of the last years, with or without a disc and a booklet of instructions. Madden NFL Arcade. Company: Electronic Arts Inc.Release Date: 11/23/2009Price: US \$ 9.99 Most players with a passing interest in sporting games knows the Madden NFL brand. We can even be near the point where a generation of players would think that John Madden was a video games and have no concept of your real football history. While nothing chefificable could completely replace the depth of experience on the disc of our annual Madden vita, this arcade version is one of the best sports games for for Casual player. The deep personalization and attention to detail in most modern sports games drained them from this pick-up and joking that we used to love about games like Tecmo Bowl and RBI baseball. Madden NFL Arcade maintained simple, taking the game with limited playbooks and even some special powers, you can not do better than this option. Flower. Company: Sony Computer Entertainment Date: 2/11/2009Price: \$ 9.99 Flower shows players the true potential depth of download games, introduce them to a game style that is like no other. In a world dominated by ever more violent shooters and tumblers, the flower is all about peace. This proves that download games do not need to be just arcade control a bunch of flower pieces around a stunning landscape, the world literally gains life. Windling Wind, beautiful scoring, flower becomes almost a similar experiment to Zen, completely challenging the typical actions of the modern world. Marvel Pinball. Company: Zen StudiosRelease Date: 12/13 / 2010Price: \$ 9.99 Developed by the same team that made the almost-essential Zen Pinball, this game cenvanted with a cómic perfectly combines the nostalgic experiment of the pinball and the Comics. The game comes with tables inspired by Spider-Man, Iron Man, Lumber and Wolverine, while tables based on the four fantastic, Captain Amenia, the Hulk, and a package called "Vingançae virtue" (With four tables with Ghost Knight, Moon Knight, Thor and X-Men) All were released as Add-on Content. Each table has value as they were skillfully designed for casual players and pinball nuts that are willing to bow repeatedly only to get all possible points. It's as addictive as any game launched in the last few years. Limbo. Company: PlayDeadRelease Date: 7/18 / 2011Price: \$ 14.99 As a braid, Limbo may not have eaten life as a PSN title, but it is now available now and it is simply a of the most beautiful. Limbo is a tale counted in black and white with a dark young boy stuck in a dangerous world that almost entirely seen in shadows. It is a typical 2D platform game, however, to the contrary of most 2D adventures, reaches players with images that haunt them like a badly remembered nightmare. It's a little lighter than the story than the braid, but it is similar to that challenges what people should expect from a platform for download, find emotional chords in places that so many other developers refuse to look.
