carrying agi crit cruise-killer guide Agi Crit build cruise killer © the standard building when it comes to murderers. With the improved card effects on the mobile ragnarok, especially the kobold card, the murderous cross can easily be incorporated into the construction of the act. To hello © This still applies to twice as many beliefs when using katars and cryogenic attacks ignore the target's defense and flee, making this building good in 1 against 1. This may be a murderous cross of building DPS but don't be fooled, this cryptic action building can achieve 100k of damage in less than five seconds, being at the same level of damage from the sonic construction of the murderous cross blowing killer. We are building a home for otakus, nerds, and anyone sitting at home with superpowers likely to rule the world or maybe...just obsessed with watching anime 24x7. 09.09.2008 · Assassin Cross best fit players with that. Like to be good on their own ; Like to do the killing ; Enjoy WoE; If you have these characteristics, it's likely that sinX be the Ragnarok Online class that will best suit you. [P] Preveiv on builds. Critical build: Uses katars as weapons in order to double the critical rate. Requires specific ... So, let's start from scratch. Akali is a mid/top AP assassin.She is pretty weak pre-six, as her ult is her primary source of damage.However, coming into the mid game is where she shines best. As an assassin, Akali can easily one-shot squishies, thanks to her burst damage.She also excels at snowballing leads: one kill leads to another, which translates into gold and therefore more ...
