In the game, there are more than 200 countries that will take part in World War 2. And you will play a commander, who fights against all enemies to become the best commander in the world. There will be many dramatic things that are waiting for you. Let's explore Glory of Generals 3 now. Smooth graphics and vivid soundGlory of Generals 3 is one of the games that has been built and developed by EasyTech. EasyTech is a video game developer founded in 2009 in China. Glory of Generals 3 is available on Google Play, App Store and Microsoft Store. So you can install the game on mobile devices, tablets and PCs that run on operating systems such as Android, iOS, or Microsoft. And Glory of Generals 3 is also completely free to download and is just for single player.Besides, smooth graphics will make you experience Glory of Generals 3 better. In the game, you will experience real and rich terrain on the battlefield. The jungle beach in the west, the desert in North Africa, and the ice and snow on the east line cannot stop you towards victory, ... They all are designed very realistically. Moreover, a weather system is diversified. Sometimes you will have to fight your enemy when it's raining. Or snow also can fall all over the battlefield. But this can affect the morale of air force and army units. In addition, the sound of the game is so vivid. You can clearly hear the noise of a helicopter or the sound of gunshots. They will make you immerse yourself in the battles. Furthermore, an exciting soundtrack is always turned on during the play process. This will make the battles more dramatic and interesting. And at the same time, it will make you immerse yourself in the battles. You also can control the volume if you want.Build your own armyIn Glory of Generals 3, the publisher has reconstructed the European battlefields from 1939 to1945. It's the time when World War 2 took place. In that context, a lot of countries' peace and territory are being threatened. Therefore, you are the commander, your main mission is to build, develop your army and protect your country's peace and territory. So that you can perform this better, the game will introduce some basic operational methods to you. For example, each campaign has a primary goal and several secondary goals. The red ring represents the unit of the primary goal. You will win after the main goal is destroyed. At the same time, the next campaign will be unlocked. The blue ring represents the units of the secondary goals. Achieving the secondary goals within the time limit can accumulate the supply points for the large-scale campaigns. There still are many things that the game will instruct you. Let's remember them to be able to win the battles more easily.Besides, there are more than 100 famous generals in Glory of Generals 3. Barton, Zhukov, MacArthur, Guderian, Montgomery, Eisenhower and Manstein will be on the stage in turn. Each general will have their own positions of strength. Air force cluster, sea scout, ace forces, elastic defense, garrison, crowd tactics, jungle fighting, scout, desperate, and so on. So take advantage of the generals, find out the enemy's weaknesses and defeat them. In addition, you can recruit special forces from the Axis and Allies and cooperate to gain victory. Moreover, the publisher has provided up to 60 kinds of special force that you can use in each battle. For example, German Tiger tank, Mortar Karl, Soviet Katyusha rocket, KV Tank, US Army 82nd airborne regiment, or British Royal SAS regiment, ... Find out about them, apply and win the battles.Play modes in Glory of General 3To make the game more interesting, the publisher has offered 3 play modes to the players. Campaign, Group Army, and United Front. With the Campaign mode, you will have to achieve the mission goals in the campaign, including capture the target areas, rescue the friendly forces, break the encirclement, defend the position, and annihilate the enemy on a large scale, ... In order to do those things, you can recruit the units, airstrikes, airborne landing, dispatching the special force and generals, and hiring reinforcements. Every decision that you make will affect the outcome of the campaign. So think carefully before make any decision. There are over 120 historical scripts in six war zones and you can experience these real battles from the Axis and Allies.In the Group Army mode, you will deploy a group army. Each country has its own unique technology card. You can use the technology card to speed up the process of conquering the world. A flexible diplomatic system and a rapidly changing situation of conquest. It all will depend on your diplomatic strategy. In particular, if you use the least rounds to eliminate the hostile forces and conquer the most territories, you will obtain higher scores. But with the United Front mode, each battle is a war of attrition. You will have to use the limited forces and maximize combat effectiveness. At the same time, you also need to develop reasonable tactics, and use terrain effectively to be able to survive in difficult battlefields. Achieve the goals as soon as possible, eliminate your enemy and reduce casualties so as to obtain high scores.Support some languagesTo support many players in the world to understand and complete the missions of the game more quickly, there are 5 languages in Glory of Generals 3.
